# Editorial

## May we wish all our readers a very Happy New Year!

Congratulations to the Stars and Angels Festival. The impressive displays in the Church were submitted by a wide range of local organisations and businesses. A real community effort!

This is only the third edition of our Village Magazine and we are still “feeling our way”. We have tried to cover all village activities, to let residents, both old and new, know what is going on in our village, to promote our local clubs and societies, and other groups serving our Community. In this we rely on those groups and organisations letting us have the appropriate information for publication. May we thank all those who have contributed to this issue.

If you have content please send it to us.  
(Details on previous page)

We also welcome your comments and suggestions for improving our magazine

We will be publishing the following content:

- Reports of local activities
- Free adverts for events open to the community.
- Paid adverts from local businesses offering local services
- Free private for sale adverts

The last two categories will be limited as we do not want to swamp the magazine with advertising. Our production costs are low so only a few select adverts from local services or sale items will be accepted for publication.

# Safer Neighbourhood Team

## Suspicious Activity.

You know your community, you know who is around and what is normal community activity, so you are the best people to identify things that just don't sit right. Like the unusual pickup truck at old Mrs. Miggins' house, or the empty van that has parked in the gateway to the local farmer's yard/barn. Now there might be a perfectly reasonable explanation of why those vehicles are there, how would you ever know? We are certainly not expecting you to get involved, however what you could do, is take as much detail as possible: the

registration plates, description of the people if you see them, anything that stands out for you, (amber light on the roof, ladders in the back) and just let us know. It is difficult for us to investigate a report of a 'suspicious white van' without any specific details.

You can do that via 101 (24 non-emergency police number), so this is if you think a crime or a concern is taking place right now, or if you just wanted to let us know how odd you thought it was, you can submit an online enquiry form on our website [www.westmercia.police.uk](http://www.westmercia.police.uk), or at our team email address

# Report from your County Councillor

## Dan Hurcomb

The volume of activity that goes on in Orleton is a credit to everyone who makes it happen, and I would also like to say thank you to those tireless volunteers behind the scenes who make it all happen.

Christmas is meant to be a time of goodwill to all however, I must report that the Government have not recognised this in the publication of the draft Local Government Financial Settlement (this is the route via which Herefordshire Council gets its central funding). The figures are slightly worse than we feared and whilst we are still working through the exact details, it is clear that the deficit between what we need and what we are allocated will be over £27 million. The settlement is in place for three years and it shows decreasing funding from the centre in each of those three years. The Government has even included a yearly council tax increase of 4.99% in their figures. Whilst I am sorry to be the bearer of bad news, it is important that every resident knows the context of the decisions that need to be made in the new year. As always, I will be looking to protect the services that matter most to rural residents and if you would like to raise any of these with me then please do email or call.

In happier news, I was delighted to be asked to read a lesson at the Nine Lessons and Carols service in Yarpole Parish. This was held at the historic St Michaels and All Angels Church at Croft Castle. Whether you are religious or not, carol services represent a chance for

communities to come together at this important time of the year, and I try to attend as many as I can where the diary allows.

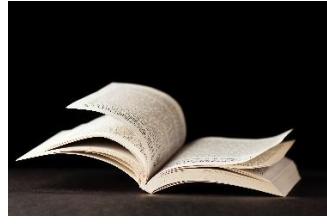

2025 has been a pivotal year for our highways locally. We have seen a huge volume of road resurfacing works across Bircher Ward, and I hope that you have noticed the difference. The improvements to the B4362 at Comberton and Yarpole and the B4361 at Richards Castle and Luston were particular highlights. Alongside this we had the complete resurfacing of the Kings Road / Kitchen Hill Road in Orleton with accompanying traffic calming measures. Despite all of this work, I am conscious that many residents who live down C or U classification roads have areas that require resurfacing or patching works, and I will be pushing the council to invest in these next year.

As always if you have any concerns, issues or would just like to chat then please do get in touch. Finally, I would like to say thank you to all of you who have taken the time to write, call or just have a chat with me at an event or in one of the pubs. It is this contact that makes the job worth doing!

Let me take this opportunity to wish you all a very Merry Christmas and a Happy New Year.

# Open the Book

Could you be a storyteller?

OtB is an exciting storytelling project where a group of people share Bible stories with the children in Orleton school on a Tuesday morning each fortnight. The stories are interactive and the children love to help deliver the 10–15-minute scripted Bible stories as part of Collective Worship.

We are currently a small team made up of trained and safely recruited volunteers from our local churches and organisations who follow the Bible Society Open the Book Code of Practice.

A Bible story well told has the power to spark imagination, inspire exploration, give hope, create a smile, teach important lessons and connect generations.

We would love to hear from you if you feel you could join our group. The children and staff make us SO welcome! Please contact the school directly.

# **Orleton History Group**

Our celebration of 900 Years of St George's concluded with an event hosted jointly by the St George's Community Association and the Orleton History Group: a taste of mince pies and wines made from recipes from over the past 900 years. Great fun was had by all!

Our upcoming talks & events are below. The talks are all free, donations invited for refreshments & heating:

**Saturday 24<sup>th</sup> January, 2.30pm,  
St George's Church:  
Bitten by Pigs and Struck by  
Lightning: How Coroners' Rolls can  
Expand our Knowledge of Life in the  
Late Middle Ages'.**

Janine Bryant will lead us through this fascinating history. The role of the coroner was introduced in England in 1194, and it was his role to investigate all deaths that occurred in unusual or suspicious circumstances, as well as any deaths that occurred in prison.

These investigations or 'inquests' were recorded, and a considerable number still survive. The description of each death provides a snapshot of how people were living at that time, offering a rare insight into life in the Late Middle Ages.

**Saturday 28<sup>th</sup> February at 2.30pm,  
St George's Church:  
"Bongs in the Belfry": How St  
George's bell keeps us on time, hour  
by hour.**

Terry Tandler, with Len Vidler, will tell us the fascinating story of St George's bells.

**Saturday 28<sup>th</sup> March, 2.30pm,  
St George's Church:  
An overview of St George's Church  
history**

John Berry and Liz Mackay lead us through an overview of the twists and turns of the history of St George's Church, looking at how the architecture, religious, social and political contexts changed.

You can also read reports on previous talks at the history group page at: [www.stgeorgesorleton.org.uk](http://www.stgeorgesorleton.org.uk) (and then click on 'Orleton History Group').

# Orleton Young Farmer's Club

Orleton YFC is delighted to announce the outstanding success of the Christmas Light Up Tractor Run 2025, which saw our biggest run to date with an incredible 99 vehicles lighting up the local area with festive cheer.

The spectacular tractor run, which started at McCartneys Livestock Market, featured beautifully decorated tractors and the much-loved Santa's Sleigh, creating a magical Christmas atmosphere for everyone who came out to watch and support.

Firstly, we would like to say a huge thank you to everyone who took part, along with all the stewards, helpers, and

supporters who made the event possible. The effort and enthusiasm from everyone involved was truly amazing.

We are extremely proud to announce that the event raised a grand total of £2,066.

Thanks to this generosity, Orleton YFC will be donating:

- **£1,000 to the League of Friends of Ludlow Community Hospital**
- **£1,000 to Acorns Children's Hospice**

Both charities do incredible work in our community and beyond, and we are thrilled to be able to support them through this event.

On behalf of everyone at Orleton YFC, we would like to wish you all a very Merry Christmas and thank you once again for your continued support.

We look forward to seeing you all again in 2026 for another Christmas Light Up Tractor Run

# ORLETON AND DISTRICT GARDENING CLUB

## Wildlife Gardening

On 25<sup>th</sup> November we welcomed Nancy Lowe, wildlife gardener and garden designer. Nancy divides gardens into three types – neat and organised, managed with some wild areas and wild gardens. Three essentials must be provided for wildlife to thrive, a year-round supply of food, water and winter shelter. The garden is a cyclical system, everything draws health from the soil and returns to the soil. The soil supports plants which provide food for insects which in turn feed herbivores which support top predators.

An annual mulch should be provided, ideally of garden compost which will be processed by invertebrates. Formal borders can play their part if spring flowers, primroses, pulmonaria and hellebores are planted in the bare areas beneath trees and shrubs and left to naturalise providing nectar for insects. Viburnum bodnantense and mahonia provide shelter and nectar in autumn through winter leaving open areas for summer flowers. Flowers with many florets, phlox and umbellifers for example will provide far more nectar and pollen than single flowers. Short growing plants for insects in lawns include prunella, speedwell, birds' foot trefoil and white clover, the last two supporting common blue butterflies. Nancy advises planting plugs as seedlings may be overwhelmed by competing plants.

In wilder areas sun lovers include wild carrot, yarrow, ox-eye daisies and knapweed. Long grasses support Meadow brown butterflies, Gatekeepers and Skippers. Wood betony and columbine thrive in shadier areas. Teasels provide

flowers for bees, seeds for goldfinches and shelter for hibernating insects.

Winter shelter can be provided by insect hotels, the crevices in trees and shrubs and piles of leaves, stone and wood. Tufty grasses, ferns and stems of veronicastrum, eryngium and poppy provide winter interest as well as shelter.

**One of the best ways to attract wildlife is to include a water feature. This provides somewhere for birds to drink and bathe and increases plant diversity by providing a habitat for submerged, emergent and floating plants. These support amphibians and insects such as dragonflies and mayflies.**

*Ghislaine Arundale*

On Tuesday 29<sup>th</sup> January Tamsin Westhorpe of Stocktonbury Gardens, Leominster will present a talk entitled '**Understanding the RHS Chelsea Flower Show Judging Process**'.

Tamsin is a RHS judge and speaker as well an editor of the English Garden Magazine.

At Orleton Village Hall.

**Doors open 7.15pm for 8pm start.**

**Non-members welcome at £2.50 per person which includes tea or coffee.**

# Orleton Church & Chapel News

By the time you read this, Christmas will have been well and truly celebrated.

It kicked off with some lovely social events. Stars & Angels returned to St George's, working in collaboration with the Village Hall and the Rec Association, on Saturday 6<sup>th</sup> December. It started in style with Santa and his elf being driven through the village in their sleigh, pulled by a tractor. The village groups providing displays had absolutely out-done themselves this year, with spectacular displays – if you haven't had chance to view them yet, most of them will be up until 6<sup>th</sup> January. The craft tables were very popular, and the festive refreshments delicious. Thank you very much to everyone who helped make this such a wonderful occasion.

On 13<sup>th</sup> December, the St George's Community Association hosted the final event of our 900 Years Celebrations, with a taste of mince pies and wines made from recipes from over the past 900 years. Great fun was had by all!

There was also a good range of services to celebrate Christmas, with a Christingle Service on Sunday 14<sup>th</sup> December; the school carol service on 15<sup>th</sup> December; the school end-of-term service on 17<sup>th</sup> December;

carol singing at the Boot on Thursday 18<sup>th</sup>; a Carols by Candlelight service on Sunday 21<sup>st</sup>; a Crib Service and a Midnight Mass/Communion on Christmas Eve, and an informal Christmas Celebration on Christmas morning. There is even one last service to go – Meet the Kings on Sunday 11<sup>th</sup> January.

At the time of writing, none of this has happened yet, so fingers firmly crossed it all goes well!

Updates on our other activities, including an update on our Family Services, the Orleton History Group, Singing for Fun, Open the Book, food bank donations, and the 100 Club winners, can be found in our full newsletter, at: <https://stgeorgesorleton.org.uk/news/news>, and click on 'Church & Chapel News'.

## Orleton Good Neighbour Scheme

The Good Neighbour Scheme supports our community using a team of volunteers to help people who are experiencing difficulty in their own homes essentially, by just doing things that good neighbours do for each other.

Examples of how the scheme can help:

- Fetching prescriptions
- Occasional lifts to the surgery or hospital
- Shopping and running errands, such as posting a letter.
- Practical tasks around the home, such as changing a light bulb or hanging a picture
